Flexos are flexible hygienic saliva ejectors that will adapt to any oral condition.

About Flexos

Flexos are flexible hygienic saliva ejectors that will adapt to any oral condition. They maintain their shape and do not collapse when bent. The specially designed soft, smooth tips provide patient comfort and will not pull tissue. The non-clog design and consistent shape retention will ensure a free flowing, perfect fit.

Available in clear and four friendly, bright, translucent colors: blue, green, red, and yellow. The Clear Flexo is available with either fixed or removable tips.

Features & Benefits

- Comfortable, soft smooth tip will not pull tissue
- Maintain shape and will not collapse when bent
