

Prophy Powder

Prophy Powder (sodium bicarbonate) is a tasty powder for use with air prophylaxis cleaning units

Prophy Powder (sodium bicarbonate) is a tasty powder for use with air prophylaxis cleaning units, such as the ProphyBrite® Air Polishing Unit.

Made in the USA, it has five great tasting flavors: Grape, Spearmint, Orange, Strawberry, and Lemon-Lime!

Features & Benefits

- Less abrasive than prophy paste
- Use to remove stubborn stains, plaque and soft debris
- Compatible with most air-polishing units
- Twist bottle cap allows pouring powder into unit direct and clean
