

Gelato® APF Fluoride Gel

Gelato® APF Fluoride Gels are an economical and quick application fluoride treatment.

About APF Gel

The gel is a 60-second acidulated phosphate fluoride that contains 1.23% fluoride ion. The smooth creamy gel will not run and thickens during treatment to prevent patient gagging. The gel is offered in many different flavors for patient satisfaction and there's no bitter aftertaste following application.
