

# ComfortCaine™

**ComfortCaine™ is a topical anesthetic which numbs the gums quickly for a short period (12-15 minutes) and contains 20% Benzocaine with virtually no systemic absorption.**

## About ComfortCaine™

ComfortCaine is available as a gel in 1 oz. wide mouth bottles. Available in six delicious flavors: Cherry, Banana, Piña Colada, Strawberry, Grape, and Mint. No bitter taste offers greater patient acceptance. Kids and adults will love it!

ComfortCaine can also aid in the taking of impressions and intraoral radiographs for patients with excessive gag reflex.
